# Letter from the secretariat

Respected Delegates,

Our motive behind organizing MUNspire, previously known as SMSISMUN, is to use it as a means to bring together, inspire and ignite an undying passion in future diplomats; we wish to serve as the converging grounds where both experienced and new debaters can feel at home alike. We are honored to continue the legacy of SMSISMUN as it's 7th edition while also starting anew as the first edition of MUNspire.

Serving as the secretariat this MUN, we ensure all the esteemed delegates a high quality of debate, absorbing agendas, a discerning and well versed executive board and 2 days filled with warm hospitality and long lasting memories. The entire Organizing Committee and The Secretariat are working endless hours towards ensuring that you, as a delegate, get the best experience you can.

We would like to end this with our philosophy regarding MUNspire; Ideate, Create, Advocate. We look forward to seeing the hand of diplomacy you extend towards others on this stage that we have created.

Best Regards,

Aaron John – Secretary General

Piyush Gurbani – Director General

# COMMITTEE MIX

---

Fasten your seatbelts because this MUN we are time-travelling with the Historical United Nations Security Council (HUNSC). This committee provides an opportunity for you to simulate some of history's most pivotal conflicts. The top priority is to maintain peace and security amongst the member states, now with the potential to debate and rewrite resolutions of warfares we all know from our textbooks.

## HUNSC

## DISEC

Whether you're a first-timer or a seasoned delegate, the Disarmament and International Security Committee (DISEC) is where the action happens, literally. Debaters immerse into the world of global security dynamics and dissect the complexities of arms control alongside fellow participants. We all are fond of movies with heavy artillery, military submarines and nuclear weapons but what's the solution when that violence is a reality.

## **SOCHUM**

Warning! The agendas discussed in the United Nations Human Rights Council are definitely not for the faint hearted. The UNHRC is an intergovernmental body of 47 member states that is responsible for resolving issues of human violation. This committee provides a perfect platform for you to advocate for gender equality, freedom of expression, refugee rights, LGBTQ+, humanitarian aid and many more pressing conflicts innocent people face from all over the world.

Human rights issues have become increasingly complex with an intricate tapestry of social, humanitarian and cultural factors and to resolve such problems we introduce the third committee within the UNGA, the Social, Humanitarian and Cultural committee (SOCHUM). Regardless of race, gender or age the SOCHUM serves as a beacon of empathy. Perfect for delegates who idolize the works of the renowned Mother Theresa, Nelson Mandela or Mahatma Gandhi.

## **UNHRC**

Build your journalism portfolio further with the professional paparazzis of the conference, the International Press. Delegates in the IP hold a significant role of documenting memories from MUNspire that all cherish dearly.

World leaders and decision makers need to be questioned and the IP puts them under the spotlight.

## **INTERNATIONAL PRESS**

The IPL committee promises entertainment in the form of debate and logical thinking to come onto lasting conclusions for the betterment of the league and its teams. This committee has been specially incorporated in the mix for all the sporting and cricketing fans out there, with the cricketing season coming to an end, MUNspire hopes to keep the fever running and encourage fruitful discussions and strategic planning.
